

Clifton, Karachi

Little voices. Big discoveries.

A playful beginning to learning, friendship and finding their voice.

Their little world of possibility.

Play. Connect. Grow.

Little details. A thoughtful beginning.

Space to explore, confidence to grow and a voice of their own.

01

Words in the world

Naming colours, talking about textures and sharing discoveries bring language into everyday activities.

02

Learning by doing

Paint, water and sensory trays invite children to look closely, explore materials and try things for themselves.

03

Creative expression

Painting and making give children ways to experiment with colour, movement and their own ideas.

04

Growing together

Shared activities create opportunities for taking turns, joining in and becoming familiar with other children.

05

Movement and music

Guided play, music and movement connect learning with action, especially in the first shared experiences of Mom, Dad & Tot.

06

Everyday discoveries

Exploring vegetables and making a simple salad turn familiar objects and routines into something to investigate.

A place for little beginnings.

8–15 MONTHS · WITH A PARENT

Mom, Dad & Tot

An introduction to learning together, with sensory exploration, music and movement.

INDEPENDENT · 2 HOURS · 5 DAYS A WEEK

Pre-nursery

Hands-on discovery, creative activities and opportunities to connect with other children.

GROWING IN CONFIDENCE

Nursery

Making, moving and exploring together as children build their early learning experiences.

A shared discovery

A world of colour

Learning with little hands

Warmth. Care. Connection.

Parents value our warmth, care and attention to each child.

“The teachers and staff are extremely friendly, caring and helpful.”

Manahil Zaffar Mirza

Praises the teachers’ commitment to helping children develop their skills.
